

Project Completion Report Form

Awarding Neighborhood Council: Olympic Park

Applicant Name: EnrichLA

Grant Amount: \$ 2,000 Date Granted: 12/12/2022

Please answer the following questions regarding the grant funding referred to above. Attach additional pages if necessary.

1. Please provide a summary of the overall project for which funding was granted.

Through EnrichLA's Garden Ranger Program, students have spent the school year learning about organic edible gardening directly from their school garden in a number of impactful ways. This includes caring for the garden space; engaging in fun lessons and activities taught by their Garden Ranger; and harvesting, preparing, and enjoying the fresh fruits, vegetables, and herbs they helped grow. Grant funding was used to purchase materials such as art, craft, and stationery supplies; supplemental snack ingredients; food preparation materials; soil amendments; seed packets and seedlings.

2. Please provide a summary of how the project built community, enhanced the neighborhood, and served a public benefit.

The school garden provides the surrounding community with green space and promotes biodiversity for a balanced and healthy environment for all. Students, staff, and neighbors have shown their enthusiasm for the garden and their eagerness to participate. Our program follows a multidimensional approach to teaching about gardening. These lessons have provided students the opportunity to explore and play, engage with plant and animal life, cooperate and problem solve with their peers, try a variety of nutritious foods, and share harvests with their community.

3. In an effort to improve our grant-making, we welcome any additional comments you wish to make regarding our grant application process and post-grant reporting process.

It has been a rewarding experience overall working with the Olympic Park Neighborhood Council. The generous grant we received supported us in providing students with an educational, fun, and engaging Garden Ranger Program at Queen Anne Elementary! The EnrichLA Team sends you our deepest gratitude.

We understand the challenges Neighborhood Councils have had with returning to in person meetings recently. If possible, it would be very helpful to have the option of attending meetings virtually again in the future.

4. Please provide pictures of the project, including any before and after images if applicable.
